## CULVERT INSTALLATION APPLICATION

This application is for the installation of reinforced concrete pipe within the City of La Marque Street Right of Way in accordance with the City Ordinance Sec. 56-30.

The City of La Marque will install culverts that are replacements for existing culverts on residential properties only.

New Residential / New Commercial / or Extensions to existing culverts must be installed by the contractor or property owner's expense. Inspection of contractor installed culverts is required. Requests for inspections should be emailed to: [inspections@adico-llc.com](mailto:inspections@adico-llc.com).
